Flowtex Engineers

COMPANY PROFILE :

ABOUT US :

Flowtex Engineers is an ISO 9001: 2015 certified company, situated in Belgaum, Karnataka. The Company started its functioning in 2014, with a strong background in Heat Exchanger Manufacturing. Our well qualified and dedicated employees consistently thrive to serve our customers with the best Heat exchanger solutions.

We are involved in design and manufacture of customized and standard Heat Exchanger Models to suit customer requirements. We also provide onsite and offsite servicing of existing heat exchangers.

VISION & MISSION :

To achieve market leadership in Design, Manufacture and supply of Heat Exchanger for specialized applications.

REGISTRATION DETAILS :

GST NO. : 29AAEFF6223A1ZU

PAN No. : AAEFF6223A

ISO 9001:2015 REGISTERED COMPANY

MSME Registration

DESIGN DEPARTMENT :

Our Designs are as per,

- ◆ TEMA 9th Edition 2007
- ◆ API 660, Seventh Edition.
- ◆ ASME Codes
- ◆ IS 4513: 1967

QUALITY CHECK :

All the products are precisely tested on the various quality check and parameters to ensure trouble free functioning and durability. Standard Quality raw material is used for the manufacturing of our products. Test certificate for material will be provided as per customer requirement. Services provided by our company is assuring up to the satisfaction of a customer.

FABRICATION AND ASSEMBLY TEAM :

- ◆ WPS, PQR, and WPQ is done for SA 516 Gr. 70 Material and certified by TUV Nord.
- ◆ We have experienced technical staff for designing, manufacturing and assembly of Heat Exchanges
- ◆ In-house Machining facility allows us to achieve desired Quality and in-time Production.

APPLICATION & INDUSTRIES WE SERVE :

- ◆ Hydraulic System Manufacturers
- ◆ Lubrication System Manufacturers
- ◆ Refineries
- ◆ Chemical Industries
- ◆ Oil and Gas Industries
- ◆ Power Plants & Process Industries
- ◆ Pulp and Paper Industries
- ◆ Marine Application

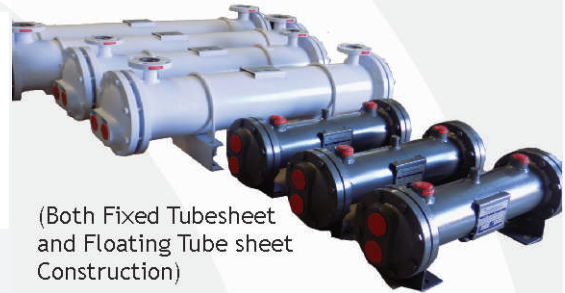

An ISO 9001:2015
Certified Company

FLOWTEX PRODUCT RANGE :

We have successfully manufactured below products,

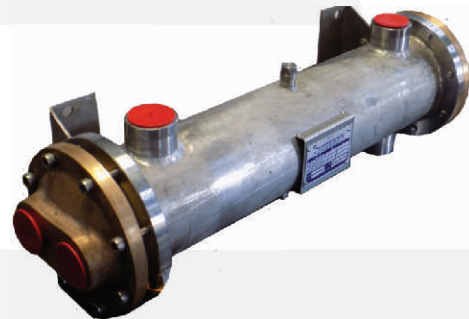

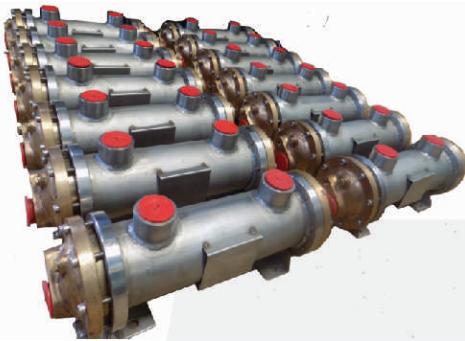

- ♦ Shell and Tube Heat Exchangers
- ♦ Plate Type Heat Exchangers
- ♦ Marine Application Oil Coolers
- ♦ Hydraulic & Lubrication Oil Coolers
- ♦ Air Oil Coolers
- ♦ Air Blast Coolers (Driers)
- ♦ Condensers
- ♦ Evaporators / Chillers

SHELL & TUBE HEAT EXCHANGERS

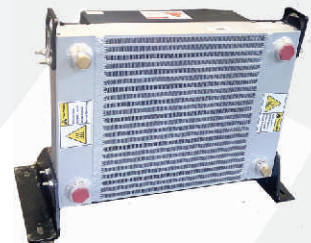

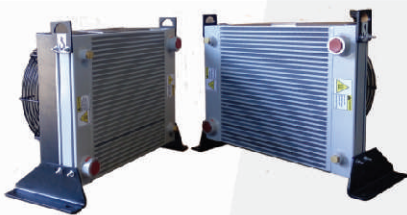

(Both Fixed Tubesheet
and Floating Tube sheet
Construction)

MARINE APPLICATION OIL COOLER MOC: SS, LG-4, Cu-Ni, Brass, AB-2

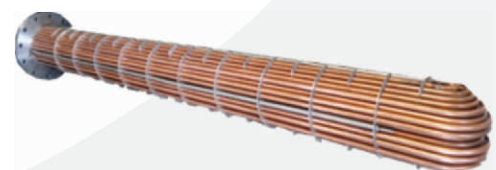

AIR OIL COOLERS

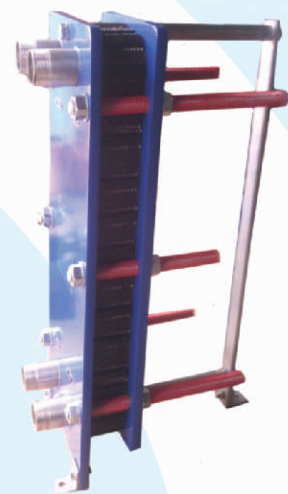

AIR BLAST COOLER / DRIER

EVAPORATOR TUBE BUNDLE

FLOWTEX PRODUCT RANGE :**PLATE TYPE HEAT EXCHANGERS -****PROCESS HEATERS****CHEMICAL CONDENSERS**
